

SHERIFF'S POLICE VEHICLE FLEET INFORMATION

2008

During the year 2008, Livingston County Sheriff's Police operated with 35 vehicles. These vehicles consisted of *Marked Patrol* cars, *Administrative* and *Detective* cars, *Pro-Active team* cars, *Court Security* car, *Jail Transport* van, and the *Emergency Response Unit* van.

As in the past, each sworn officer was assigned a squad car and was responsible for it's general maintenance and appearance. 2008 saw fuel prices continue to climb to all time highs. Subsequently, measures, such as assigning sergeants to desk duty, etc. were taken by the Department in an attempt *offset* some of this increase in fuel expense.

Livingston County deputies patrolled approximately 625,255 miles in 2008.

The Sheriff's Police "*Bid Gasoline*" purchased during 2008 was approximately 33,464.9 gallons at an average cost per gallon of \$2.82.

The Sheriff's Police "*Public Gasoline*" purchased during 2008 was approximately 1693.2 gallons at an average cost per gallon of \$ 2.24.

Total fuel cost for the fleet in 2008 was \$98,356.07.

The cost for general maintenance as well as major automotive repairs for 2008, (*includes oil changes, tires, brakes, front end repair, engine repair, transmission repair, etc.*), was \$129,178.94

In 2008 fuel costs as well as maintenance costs totaled \$227,535.01.
